J.R.R. Tolkien's book, The Lord of the Rings, upon which the films are based, has influenced generations of readers worldwide and continues to captivate new fans around the globe. The trilogy's film director Peter Jackson and a brilliantly talented cast and crew have brought to cinematic life the epic adventure of good against evil. The future of civilization rests in the fate of the One Ring, which has been lost for centuries. Powerful forces are unrelenting in their search for it. Fate has placed it in the hands of a young Hobbit named Frodo Baggins (Elijah Wood), who inherits the Ring - and undertakes a heroic quest revealing how, through courage, commitment, and determination, even the smallest of us can change the world.

Chairs will be set up for the film presentation, but attendees are invited to bring their own comfortable deckchairs, blankets and midnight snacks for this marathon screening.
